

# TIME IN A BOX

*Make Time Stand Still ~ Make Memories Last*

Once a gown goes through a ceremony, it becomes a family heirloom. Being able to see, touch or even try on that precious heirloom will bring back the memories of that special day. This is why cleaning and storing a wedding gown properly is so important.

## Bridal Gown Preservation Kit

Our archival gown preservation kit provides the safest environment for the long term storage and enjoyment of your cleaned wedding gown. No matter how well a gown is cleaned, sealing it inside a plastic bag or cardboard box, as well as allowing it contact with non-archival materials will yellow and deteriorate it. Our remarkable box is water-resistant, acid/lignin/dye-free and offers excellent protection from damaging humidity and static electricity.

### ***This Kit Includes:***

- Inert polymer box
- Packing and care instruction
- Cotton muslin cover
- Cotton gloves
- An ample supply of acid free, lignin-free unbuffered tissue
